OPENING SERVICE PEARIVER CAMP MEETING.

First Sermon Is Preached By Rev. B. C. Glenn, of Enterprise. Six Hundred People Present.

The opening service of the Pear River Camp Meeting was held Friday night, in Riverside Park, Rev. B. C. Glenn, Pastor of the Methodist Church at Enterprise, preaching the opening sermon, from the text: "And who then is willing to consecrate his service this day unto the Lord?"—I. Chronicles XXIX. 5. Mr. Glenn preached a short, earnest and powerful sermon, outlining the duties and responsibilities of Christians in the camp meeting. At the close of the service a position was made that all those who would promise to read Romans XII, 1 Corinthians XII, and 2 Corinthians VI, and meditate and pray over the same come forward and shake hands with one of the ministers; to this there was a large response.

At the opening service over 600 were present. All were charmed and delighted with the beauty of the site and the excellent preparations that have made for the meeting. Riverside Park is a beautiful grove of several acres in extent, shaded by majestic oaks of native growth, situated just across Pear River from the business portion of town. The arbor or tabernacle is placed where there is shade all day long except on a small portion of the site; a large brush arbor has been erected with a commodious stand for the ministers and the choir. The arbor and grounds are brightly illuminated with acetylene gas lights, furnished free of charge by Mr. I. T. Law, gas lighting contractor. A piano is on the stand to lead the music.

Camp meetings used to be common in this section of Alabama, but about a quarter of a century ago they ceased to be held. They are very common in the west, where Rev. H. B. Urquhart, who is Pastor of the Methodist Church here, preached for many years; to him is due the credit for the inception of the camp meeting. Interest all over this entire section has been aroused by the camp meeting and the attendance will be enormous.

The Candidates.

TEACHER CORPS OF THE ELBA SCHOOL.

Complete. Prof. R. J. H. Simmons, Well Known Educator, Superintendent.

The school board has filed the vacant places in the faculty of the Elba School by the election of Prof. R. J. H. Simmons, as superintendent, and Mrs. K. B. Price as teacher. Mrs. Price is well known here, having been teacher in the school last year; she is a splendid instructress and highly educated lady.

Prof. Simmons is one of the finest teachers in the state; at Ozark, Hartford and Geneva he has taught with great success. For several years he was professor of Mathematics in the Girls Industrial School at Montevallo. He is a polished gentleman, a fine teacher and is highly educated; he is the author of a book on grammar, and has done special work in developing methods of teaching mathematics. The school is fortunate in being able to secure him for the school.

MANAGUA HAS FALLEN.

Nicaraguan Rebels Finally Successful, After Long Fight.

Managua has fallen. The Nicaraguan revolutionists have finally reached the goal for which they have been fighting ten months. President Mader did not flee. He remained in the capital city until the last. Cablegrams to this effect have been received at New Orleans.

"Jose Dolores Estrada has issued a proclamation declaring his brother, General Juan J. Estrada, president of the reunited republic of Nicaragua. Revolutionists are pouring into Managua. Situation alarming."

Plan Second Revolt.

With the announcement that Juan J. Estrada, leader of the successful "insurgent" forces in Nicaragua, has succeeded to the presidency of Nicaragua, reports have reached New Orleans that his occupancy of this position may be temporary, if the matter is controlled by other leaders of the revolutionary movement.

It is rumored that Chamerro and Mena, the successful generals who were not in favor of Estrada's incumbency and that they may espouse some other man from the conservative faction for its presidency.

DR. CALHOUN DEAD.

One of South's Most Noted Physicians Passed Away.

Dr. Abner W. Calhoun, one of Atlanta's foremost citizens and one of the most noted physicians in the south, died Sunday morning at 4 o'clock after an illness of several months.

While his death was not entirely unexpected, yet it was not known until a late hour Saturday night that the end was near.

Two years ago Dr. Calhoun's health began to fail, and last January he became so much worse that he had to give up the practice of his profession. For four or five months prior to his death he was confined to his bed. At times he became so ill that his life was despaired of, but he would rally and give hopes of recovery. Saturday night it was seen that he was sinking, and, surrounded by his family, he passed away as the early dawn was breaking.

In the death of Dr. Calhoun Atlanta loses one of her best citizens, and the world a physician whose work in life was to relieve suffering humanity. While his practice was successful, yet he probably did more work free of cost to those unable to pay than any other physician in the south.

A report of a well known in Franklin county, Ala., sent out from Birmingham is not credited by Commissioner of Agriculture J. A. Wilkinson. In this report it is stated that Dr. Calhoun would not ordinarily get so high up in the state as he did. Just now it is near the lower corner of the state, it is not likely, but Franklin county is almost on the Tennessee line. It is thought at Montgomery that the specimens are corn or pea weevil which at times do some damage to cotton. However, there is a bare possibility that real bugs may have been transported to the reported trouble some in cotton seed or some

THE LEWIS BEAR DRUG CO. PENSACOLA, FLA.

Marion Institute, Marion, Alabama.

Aims.

To develop symmetrically the moral, mental and physical nature of each student with more regard for character and culture than for mere scholarship. To prepare for business, the study of law, medicine, the ministry, and engineering; to train young men (or women) in West Point and for study at the great universities.

Methods.

(1) LIFE: All the professors and their families live in the Institute, and personal attention is given to the manners, morals, health, and social culture of students. The number of students is limited to those who can be accommodated in the Institute homes with the professors and their families.

(2) INSTRUCTION: Nine (9) professors and instructors from the leading American universities. The Elba Tutorial System in addition to the regular classroom instruction; each professor gives private, individual instruction in the Institute Homes at night from seven to nine o'clock.

Results.

The nature and quality of the work already done by the Marion Institute may well be judged by the record of Marion boys at the University of Virginia. The Registrar of the University, Mr. Howard Winston, makes the following official statement:

"The record of this University of Virginia for the decade ending June, 1906, show that during that period the University of Virginia has awarded as many academic degrees to the graduates of Marion Institute as it has to those of any

college in the country—Hampton-Sidney College on Virginia sharing the honor of first place in this respect with Marion Institute. Counting institutions outside of Virginia, therefore, the University of Virginia during said decade has awarded more academic degrees to the students of Marion than to those of any college in the United States.

"Moreover, within the period under review, three Marion men have been awarded positions on the teaching staff of the University of Virginia. This is a distinction that perhaps cannot be paralleled within the same time by any other institution sending its students to the United States.

Courses.

College courses leading to the degrees Bachelor of Arts and Bachelor of Science.

University Preparatory Courses: Coaching classes to prepare for the United States Military Academy at West Point and for the United States Naval Academy at Annapolis.

Full Business College Courses, with through academic training in the elements of a liberal education.

Special Courses to prepare for the study of Law, Medicine, Pharmacy, Dentistry, Engineering, Journalism, the Ministry. These are one-year and two-year courses adapted to the needs of each special student.

For detailed information of courses, condition of admission, and expenses, address

Good Advice.

Last week Editor A. L. Muir published his valdictory, having sold the Bufala Times to Messrs E. C. Beahrs and C. L. Cory, of Montgomery. The valdictory wishes for the new Times proprietors success and prosperity, in which The Clipper joins Bro. Muir. Then comes some solid sensible advice, worthy of all commendation; here it is:

This one admonition we would make: The newspaper of your city and county should have the hearty SUPPORT of every one in all lines if you want it to be a success. Help it as you would any other institution that comes to help build and maintain your city and its industries, for surely there is no greater lever in raising the values of city and county than your home paper. It should be fostered and kept in good healthy condition, so that the mirror of its pages may reflect the city's interest in its welfare. We wish for Mr. Muir abundant success in whatever line of endeavor he may follow.

Morning Blazes

Scorching Opp.

Opp, Aug. 26.—The Pierce Hardware Company, the I. S. Wright restaurant and the soft drink stand, the Welch pool room and soft drink stand, all were totally destroyed by fire at an early hour this morning.

The buildings in which these businesses were located were owned by John W. Huger, of Montgomery, and were valued at about \$5,000.

The loss of the property of the Pierce Hardware Company was about \$5,000, and of the Wright Gate and restaurant, about \$1,000. The Welch pool room's loss was about \$500.

The insurance covers about half the loss.

The large dry goods store of Berman and Kaplan, adjoining these buildings, was damaged to a great extent.

The fire company of Opp did good work and by prompt and active service saved the business portion of the town from being a wreck.

Felder Elected.

Hon. Thomas Felder, of Macon, was nominated Attorney General of Georgia in last week's primary, receiving a great majority over his opponent, carrying over a hundred counties. Mr. Felder comes from Southern Georgia, the section from which so many people came to settle this section of Alabama in the forties and fifties. He has made an enviable record in both houses of the Legislature, is a lawyer of great ability, and is in touch with the people. Coffee countians will be glad of his election, as it is a brother of Editor Sam Felder, of the Clipper.

Is the best for coughs, colds, croup, grip, whooping cough, bronchitis, asthma and all throat and bronchial troubles. Sold everywhere look for the bell on the bottle.

There can be no doubt of the fact that liquor is sold in every town in this state. In many places it is sold almost openly. We have heard of several places where the beer is sold by tigers at 50c, and the whiskey sold at 20c. The spirit is of the regular "burst head" kind, such as was sold in licensed saloons and dispensaries at 20c. The tigers will hang themselves yet by robbing their customers.

SMITH WINS OVER GOV. JOE BROWN

Hot Campaign Waged in State of Georgia.

A HEAVY VOTE WAS POLLED

Lines Were Closely Drawn and Contest for Governor Was Most Fiercely Fought—Returns Show That Smith Carried 81 Counties and Brown 61.

Hon. Hoke Smith was nominated for governor of Georgia for the second time, defeating Governor Joseph M. Brown for re-election to a second term.

Smith carried 81 counties and Brown 61, giving the former a handsome majority in the convention.

Edward H. Walker failed to carry a single county.

By a vote of 295 to 23 Democrats on Gadsden, Ala., went on record in favor of the continuation of municipal government. Gadsden is the third Alabama town to approve this new form of city management.

The creation of 40,000 notaries public is authorized by the post office department at Washington, in accordance with the legislation enacted during the past session of congress.

The returns received from practically every county in the state indicate that Mr. Smith will have a majority in the convention of not less than 22 votes.

Governor Brown declined to make any statement of the result Tuesday, preferring to wait for complete consolidated returns.

Former Governor Smith estimated his majority at 40 convention votes, basing his statement on returns received at his headquarters.

Returns from over the state show that each candidate concentrated his efforts on the counties which he lost two years ago, and a number of changes in both columns were noted.

Governor Smith carried 81 counties and Governor Brown carried 61, leaving 4 counties yet to report. It will take a consolidation of the returns to definitely settle the precise majority of the successful candidate.

The fight just closed was one of the most vigorously contested in the history of the state. Four years ago Mr. Smith swept the state overwhelmingly. Two years later he was defeated by a man whom he had removed from the office of railroad commissioner.

This year Mr. Smith again secured the upper hand and dealt defeat to the man who two years ago humbled him.

Rarely has a more systematic campaign been organized in Georgia. Every county and every militia district was thoroughly canvassed by both sides.

OTHER WINNERS.

Livingston Defeated for Congress by Schley Howard.

In the elections for congressmen from the various Georgia districts the results in some instances was a surprise.

Hon. Lon Livingston, who has represented the Fifth district for so many terms in the national house of representatives, was defeated by William Schley Howard, the vote standing Howard 16, Livingston 8.

The former carried all but two counties in the district.

Of the other congressional districts of the state Gordon Lee is returned from the Seventh, Hardwick from the Tenth, Howard from the Eighth, Bartlett from the Sixth and Edwards from the First district.

For the office of state treasurer Peyton Hawes, a successful banker of Elbert county, defeated Hon. W. J. Spear.

O. B. Stevens and Jos. F. Gray were chosen for railroad commissioners, and William A. Wright and Philip Cook succeeded themselves as comptroller general and secretary of state, respectively.

The election was one of the most exciting and hard fought in Georgia for many years.

CRUISE GOES ASHORE.

Eighteen British Sailors Leap Lives Off the Coast of Korea.

Eighteen lives were lost when the British cruiser Bedford ran ashore on the rocks of Quelpart Island, Korea, according to the report received at London by the admiralty. The men were members of the engine room staff.

The accident occurred during full speed trials of the vessel, and the cruiser was evidently badly shaken.

Since the deaths are stated originally to have been due to "the shock of water."

By a vote of 295 to 23 Democrats on Gadsden, Ala., went on record in favor of the continuation of municipal government.

Gadsden is the third Alabama town to approve this new form of city management.

The creation of 40,000 notaries public is authorized by the post office department at Washington, in accordance with the legislation enacted during the past session of congress.

The returns received from practically every county in the state indicate that Mr. Smith will have a majority in the convention of not less than 22 votes.

Governor Brown declined to make any statement of the result Tuesday, preferring to wait for complete consolidated returns.

Former Governor Smith estimated his majority at 40 convention votes, basing his statement on returns received at his headquarters.

Returns from over the state show that each candidate concentrated his efforts on the counties which he lost two years ago, and a number of changes in both columns were noted.

Governor Smith carried 81 counties and Governor Brown carried 61, leaving 4 counties yet to report. It will take a consolidation of the returns to definitely settle the precise majority of the successful candidate.

The fight just closed was one of the most vigorously contested in the history of the state.

Four years ago Mr. Smith swept the state overwhelmingly. Two years later he was defeated by a man whom he had removed from the office of railroad commissioner.

This year Mr. Smith again secured the upper hand and dealt defeat to the man who two years ago humbled him.

Rarely has a more systematic campaign been organized in Georgia.

Every county and every militia district was thoroughly canvassed by both sides.

OTHER WINNERS.

Livingston Defeated for Congress by Schley Howard.

In the elections for congressmen from the various Georgia districts the results in some instances was a surprise.

Hon. Lon Livingston, who has represented the Fifth district for so many terms in the national house of representatives, was defeated by William Schley Howard, the vote standing Howard 16, Livingston 8.

The former carried all but two counties in the district.

Of the other congressional districts of the state Gordon Lee is returned from the Seventh, Hardwick from the Tenth, Howard from the Eighth, Bartlett from the Sixth and Edwards from the First district.

For the office of state treasurer Peyton Hawes, a successful banker of Elbert county, defeated Hon. W. J. Spear.

O. B. Stevens and Jos. F. Gray were chosen for railroad commissioners, and William A. Wright and Philip Cook succeeded themselves as comptroller general and secretary of state, respectively.

The election was one of the most exciting and hard fought in Georgia for many years.

CRUISE GOES ASHORE.

Eighteen British Sailors Leap Lives Off the Coast of Korea.

Eighteen lives were lost when the British cruiser Bedford ran ashore on the rocks of Quelpart Island, Korea, according to the report received at London by the admiralty. The men were members of the engine room staff.

The accident occurred during full speed trials of the vessel, and the cruiser was evidently badly shaken.

Since the deaths are stated originally to have been due to "the shock of water."

BROCKTON.

By B. F. WEAVER.

Ernest Harris spent Saturday and Sunday among friends up near Elba.

News comes to us of a terrible accident to Mr. Patton at Patton's X Roads. He was accidentally drawn into part of the machinery at his gin and both arms were broken and he was otherwise injured.

Rev. James M. Loftis filled his regular appointments here Sunday, and at Clintonville Sunday afternoon.

Sawyer Bros. have a new gunnery here and had already gained a dozen sales Saturday.

Mr. Randolph, an auto agent from Andalusia was speeding around here Monday.

Clever Abe Kern and his family are with his wife's mother, Mrs. Gaster, on a few days visit.

Among the New Brockton people at court this week are J. J. C. Fesselle, J. C. Gunter, Horace Brock, J. L. Brock and W. B. Harper.

The enterprising people of Bethany community are preparing to build a new school house.

Mrs. Adams has come back from Montgomery where she went to undergo an operation for appendicitis.

It seems that Brockton was found unprepared by the prohibition laws, but she is accepting them as a settled fact now and a number of pumps are being sunk to supply the town with plenty of water.

Mr. Persons will teach a writing school here beginning Tuesday.

IN MEMORIAM.

On Monday Aug. 22, just as the sun sank below the Western horizon and left our land in darkness, but raised to brighter other lands the spirit of Mrs. Mary E. Johnson after a sojourn on earth of 52 years took to flight leaving her weary body in darkness here, but taking to the brightness and glory of a home beyond the skies.

She has suffered much for several months, past and a death came as a peaceful sleep from which she could awaken to find a pair of shoes.

Mrs. Johnson was born in Georgia but came to this country about 40 years ago. The death of her husband left her a widow eight years ago. Eight children were born to them. Six are still living.

She was buried on the day following her death in the cemetery near Clintonville.

The Woman's Part.

What can a town be without women to help make it? Why, were it devoid of her influence, it would be even sorer than the little town of Cranford, Eng., where men had no part in the social life. These English ladies had most enjoyable teas when they first got the awkward men out of their circles, but alas when they became old, old spinsters, surely:—

As unto how the card is:
So unto man is woman,
The she bends him, she obeys him,
The she draws him, yet she follows,
Unless each sweetheart the other.

With this reminder of unity, what can we do to make a more beautiful Brockton? A husband stands for the support and protection of a home, a wife, for the love and beauty. A town is the home of all the husbands and wives therein. From the number of men and women daily seen on the streets of Brockton, it must be a good size home. The larger the home the stronger should be the support, and the more beautiful and loving should be the influence. Our men are equal to their duty, then our women must be equal to theirs.

If they are, will they dare walk down a side-walk where he skirts (should they not be walking length), will sweep up the waste-paper, filth and tobacco spit no, no, if only she will use her ruling scepter—go home, look up into your husbands face with loving eyes and smiling countenance and softly say: "Dear please don't spit on the side-walk, it almost makes me sick to walk through such filth? That man will feel a dagger thrust into his heart, he will think that a brute he was, and wish that he had ever been a gallant to his queen as did Walter Raleigh was to queen Elizabeth on one occasion. That man will never again spit on a side-walk.

Mrs. B. F. Weaver.

Editor of Elba Clipper:—It would be useless to undertake to say how Monty Crossen is tickled over his cotton crop. He has old cotton and young cotton and it is all fine.

Mr. Hushel Walker is the nicest farmer that we know of in this section.

Judge Marsh is all smiles because the hot days of August have been a great help to him in killing grass, and his cotton is doing fine.

Mr. Simps Dowling is patiently waiting for the commissioners to give him a court as to build a bridge. He is a good one and we are proud of Uncle Simps.

Buck Wilson has done some repairing of outer buildings which

adds to the appearance of his home.

It will be remembered that Hardy Nolin used to live on the west side of the public road, but since he has built a new home and can occupy the front in the morning part of the day; he is getting lazy.

Arthur Brunson is fixing to go to sewing lumber again.

Mrs. J. C. Maddox has recently returned from a visit to Defuniak Springs.

We would not forget to thank Mr. and Mrs. J. C. Goodson for the nice yellow press peaches they presented me with some days ago.

Charley Braswell has a fine crop. He is a hustling farmer.

It is delightful to look at the large ears of corn that Byrd Burketts has made on the Arwood place, which was considerably depopulated when he went there.

Dave Marsh has the finest cotton crop that we know of. He has done some hard work in the latter part of the season and he has the prospects of a handsome reward.
